CANTON

POWER SUB 10 S2

One size smaller than its big brother Power Sub 12 S2, our Power Sub 10 S2 nevertheless fulfils all wishes for a powerful bass specialist for perfect music and film reproduction. The Power Sub 10 S2 is a superbly equipped active subwoofer that can be used universally with a wide range of speakers. It harmonises ideally with all Canton HiFi speakers and also supports existing speakers of other brands with powerful and precise bass. With 330 watts of peak power, the powerful active module always provides sufficient energy for the woofer duo, which is equipped with a 257 mm front fire chassis and a downfire passive membrane of the same size.
