

## TOWNUS 10

The Townus 10 OnWall speakers are characterised by their flat enclosures in a timeless, elegant design and the balanced Canton sound. Their homogeneity and balance in sound make the compact Townus 10 the universal speaker for music and home cinema enjoyment of all kinds. In addition, high-quality technical components in the closed cabinets ensure an enormously high level of reliability: the 154 mm bass-midrange speaker with titanium cone and Wave Bead technology in combination with the 25 mm dome tweeter made of aluminium oxide ceramic make the good sound.

## TECHNICAL DATA
