

TOWNUS 30

The Townus 30 compact bass reflex speakers are characterised by their timeless, elegant design and excellent sound characteristics. Despite their small dimensions with rounded edges, the attractive 2-way bass reflex speakers offer powerful, deep bass and strong dynamics. A 174 mm titanium cone bass-midrange driver and a 25 mm aluminium oxide ceramic dome tweeter are responsible for the Townus 30's reproduction of music.

TECHNICAL DATA

Type	Compact speaker
Engineering Principle	2-way bass reflex
Nom. /Musicpower	90 / 140 watts
