

TOWNUS 50

The Townus 50 2½-way centre speaker is unobtrusively elegant, with harmonious proportions and rounded cabinet edges. Powerful, deep bass, well-balanced tuning and great dynamics make it the perfect centre speaker - including crystal-clear dialogue reproduction. The Townus 50 centre is equipped with high-quality technical components: Two 154 mm bass-midrange drivers with titanium cone, suspended in the long-stroke, low-distortion wave surrounds, and a 25 mm dome tweeter made of aluminium oxide ceramic with precisely calculated waveguide deliver ideal sound dispersion.

TECHNICAL DATA

Type	Center speaker
Engineering Principle	2½-way bass reflex
Nom. /Musicpower	150 / 300 watts
Frequency response	30...40.000 Hz
